## FOREWORD

This book contains a codification of the ordinances of the City of Pine Island, Minnesota, pursuant to authority granted the Council by Minnesota Statutes, Section 415.021. It is known and should be cited as the "City Code".

The ordinances of the City were previously codified in 1980 but over the years, as the number of ordinances increased with the growth of the City. And with changing times, the City Council determined that a complete and detailed re-codification was essential in order, to maintain knowledge as to the current law. In this codification most of the original ordinances have lost their identity and have been supplemented by other essential legislative enactments. Certain ordinances retain their number and effective dates because of the nature of the subject matter contained therein.

This codification, arrangement and format seek to facilitate keeping the City Code up-to-date and the amending procedure less cumbersome and expensive. A complete codification of the proportions desired is a difficult and lengthy task, but the effort will be well-rewarded if it is found that the City Code accomplishes (1) the elimination of repetition and non-essentials; (2) easy revision incorporating each new ordinance or amendment; (3) comprehensiveness; and, (4) the ease of locating a particular subject or provision.

The reader will find in this book an Analysis followed by a full text of the individual Chapters of the City Code with a Sub-Analysis at the beginning of each Chapter. This physical layout is designed to make local law more accessible to laypersons for it is closest to them and touches their lives every day. The City Code is dedicated to this purpose.
